Siam University
Sustainable University, Sustainable District Policy

In accordance to the "leading university creating innovation for sustainable future" vision of Siam University, the following revised policy was approved by the University Council on October 30, 2024.

Sustainable University, Sustainable District

Siam University recognizes the imperatives of sustainable development and determine to become a sustainable university. The policy "Sustainable University, Sustainable District" has thus been endorsed for our target groups, the 3 Ss – Students, Staff, Surrounding communities, to achieve that goal with the following aims:

- To be a model of sustainable university for both sustainability within the campus and the wellbeing of the surrounding communities and Thai society.
- To promote initiatives and activities that will enhance sustainable development (SD) and promote achievement of the global Sustainable Development Goals (SDGs) with recognition of H.M. the late King Rama IX's "Sufficiency Economy Philosophy (SEP)."
- To nurture sustainability literacy, digital and AI literacy, and communication literacy in our students so that they become change agents for the betterment of the campus, communities, and society.

Dr. Pornchai Mongkhonvanit
President of Siam University
